

Anyone can do online marketing, it's easy and long-lasting. And the best part? There are thousands of free resources available to you. Here are 37 brilliant websites to learn something new. Online marketing is simple, easy to do, and long lasting. The one downside is that there are thousands of free resources online that you can use to learn how the industry works and what techniques work best for your niche or business type. To help you find the best resources available, here are 37 websites that teach you everything from SEO to affiliate marketing to content marketing. 1. Moz Moz is one of the original leaders in the SEO community. They've created an enormous amount of free content for visitors, and their blog is one of the most popular in SEO. Their site has a wealth of information on landing pages, keyword research, usability testing, technical SEO, link building and more. You can also check out their podcast or read through their blog posts if you're too busy (or bored!) to watch videos. 2. Succeeding with SEO Succeeding with SEO is another valuable resource that you can use for free. It's another valuable, highly informative blog that will teach you how to use keywords effectively in your website. It also explains how to get backlinks, rank pages on search engines, and more. To get the best out of Succeeding with SEO, make sure you check out their podcast or join their forum! 3. Online Marketing Wizard The Online Marketing Wizard is an excellent place for someone looking to learn more about internet marketing. The blog has a valuable archive of articles and tutorials on internet marketing as well as a forum where visitors can ask questions and discuss ideas. The blog also has a number of resources that can teach you to make money via affiliate marketing, making money online, and other methods. 4. Marketing Sherpa The Marketing Sherpa Blog is a free resource for those looking to make money from home. It's a great place for beginners looking to learn how to make money from their website by writing blogs or ebooks. The blog also has a podcast that's well worth checking out to learn more about the basics of internet marketing and how to use SEO effectively! The blog is continually updated with useful information for those interested in making money from home. Check it out here: <http://marketersherpa.com/> 5. Socialmediaexaminer.com Social Media Examiner is a comprehensive blog that's well worth checking out if you're interested in learning about social media marketing. The blog provides visitors with tons of information on how to get more fans, followers, how to get more retweets on Twitter, and even how to get more positive reviews on Yelp. It's full of information that ANYONE can use to improve their social presence online! Check it out here: <http://www.socialmediaexaminer.com/blog/> 6.
